Instructions:

[Note that you are obligated to purchase the items we pull/special-order for you.]

Also note that we please ask that you indicate on what page in the latest issue of Previews your title/item appears.

1. List the comic titles you would like us to pull for you. Also, list any special order items you would like us to order for you, such as statues or action figures. For particularly unique and/or expensive items, we may ask for a deposit.
2. Next, select whether you would like us to pull all issues of the book going forward, or only a selected range of issues.
3. Then indicate whether you want us to pull any relevant trade paperbacks/graphic novels as they appear. For example, if you are collecting Fables, indicate whether you want us to pull any Fables trade paperbacks as they arrive. Note that you have the option of declining to purchase any TPs that we have pulled for you, unless you specifically special-ordered the book. Note that you also have the option of indicating here whether you wish us to pull trade paperbacks ONLY.
4. Finally, be sure to review your list with a member of the HUMUNGO Comics staff, to be sure we clearly understand your requests
5. Any questions, just ask!
